

**COURT OF APPEALS OF THE STATE OF WASHINGTON
DIVISION ONE**

ZACKARIAH BENNETT, Appellant

v.

MELVINA MANNING, Respondent

Court of Appeals No. 87007-6

APPELLANT' S NOTICE OF ADDITIONAL AUTHORITY UNDER RAP 10.8

Appellant submits the following additional authorities pursuant to RAP 10.8 in support of his argument regarding the viability of claims for tortious interference with parental rights (Appellant's Brief at 11–12):

1. *Strode v. Gleason*, 9 Wn. App. 13, 510 P.2d 250 (1973):

The Washington Court of Appeals recognized a cause of action for tortious interference with the parent–child relationship, outlining the elements as: (1) an existing relationship, (2) wrongful interference, (3) intent, (4) causation, and (5) resulting damages. This supports Appellant's assertion that his claim was wrongly dismissed at summary judgment.

2. *Waller v. State*, 64 Wn. App. 318, 824 P.2d 1225 (1992):

Reaffirmed *Strode* and applied its five-part test in a claim against state actors. It confirms the continued viability of the tort under Washington law.

3. *Grange Ins. Ass'n v. Roberts*, 173 Wn. App. 370, 320 P.3d 77 (2013):

This case confirms the tort remains actionable in Washington and was used to resolve a private-party claim under the *Strode* framework.

These authorities reinforce that Washington courts recognize the tort at issue and directly support the arguments raised in Appellant's Brief at pages 11–12.

DATED this 21st day of June, 2025.

Respectfully submitted,

Zackariah Bennett
