11 again. She is so awesome. I just really want to avoid any valley drama that could ruin
12 what we might have. so keep it between us please, i had to tell someone.

21 I called, but he was too busy. He thanked me for calling, then told me he'd get a hold of
22 me later today or tomorrow.

24 Melvina Manning
25 did you register the back to Grandma & Grandpa?
26 You sent
27 No, should I have?
28 Melvina
29 Melvina Manning
30 I would have... with all the back child support & a greedy wife
31 You sent
32 Back support can't touch me since I'm setting up a payment plan, and wife can't do shit
33 cause I didn't title it when we were together. Besides, we're still married and she's living
34 with dude. She pisses me off and I'll have her charged with Felony Bigamy. I read the
35 Colorado law, it's a felony to live with another "as if married" when you are married to
36 another. I think it's a class 3 felony.
37 Melvina
38 she is living with Jeff & Carol isn't she?
39 Melvina
40 Melvina Manning
41 either way, glad you got your bike up n running
42 You sent
43 No, she moved out a bit ago. I have many sources in CO. She is living with her little man
44 from what I've been told. I could care less, she had best just leave me alone.
45 Melvina
46 I have MSN during the day melvina_roberson@america.htc.com

3 all I know is she is working full time as a manager at some kids store
4 You sent
5 how the hell did she BS her way into a management position with basically no work
6 history and not even a GED?
7 Melvina
8 Melvina Manning
9 we were wondering the same thing
10 You sent
11 oh yeah, for some reason Messenger is down so I can't sign in. I have your work contact
12 in it already though.
13 November 16, 2010
14 11/16/10, 10:23 PM
15 You sent
16 I am working on all my plans, and making new ones, and still in school. Still bored as hell
17 in E-WA, and to far from where I want to be. Also too far from Tim, not that I can see
18 him anyway.
19 You sent
20 The only thing I truly want in life I have to fight for. I'm not allowed to see my son, and
21 along with that I don't get to see my mom. This whole situation fucking blows. I feel like
22 there is a division in the family over this BS.
23 Melvina
24 Melvina Manning
25 you are closer now than when you were in Colorado.. you have a lot of hours in the day,
26 make use of them. I am serious, start your day with 2 hour run. Split wood, stack wood,
27 find things to do every day that keeps you in shape. Make a schedule, stay consistent
28 and you will see a difference in your attitude. Start searching for jobs. Get your resume
29 on Monster.com. I have a job & I submit resumes monthly to different cities, different
30 states. You never know what opportunities are out there unless you look for them.
31 Make an appt with DCS to get your child support reduced. Make a checklist of all the
32 things you need to do to get on track & do them.
33 You sent
34 Just so you know, I'm up by 7am every morning doing shit all day long that needs to get
35 done. It takes more than just being occupied to fulfill my life, I was occupied for over
36 two years locked up, doing shit that needed done, and was still bored every day. Life is
37 part what you make it, and part what others make you deal with. I make the best of
38 what little I have, and try to smile through all the bullshit. Someday you'll see the person
39 I am now, and not be scared of the person I used to be. I grew up, get over the past so
40 we can have a future.
41 You sent
42 crap, I can't delete that last message. sorry for being a dick, just pissed off about this
43 whole screwed up situation. pissed because not only did I basically lose my son, but my
44 mom as well.
45 You sent
46 I am doing everything you suggested (minus firewood, we use pellets now), and I don't
47 run cause I'm too busy first thing. I am calling DCS tomorrow, couldn't get through today.

1 My attitude won't change by staying busy, I don't have time in a single day to do more
2 than I am already, and filling time isn't my issue.
3 You sent
4 My checklist is nearly empty already mom. Call DCS, GET (not look for) a job, and get my
5 visiting rights back are all that's left on a pretty long list. And I've only been out for a
6 week.
7 Melvina
8 Melvina Manning
9 I didn't say a damned thing about the past so stop with your attitude. I just offered
10 some suggestions. There is nothing wrong with suggesting a run every day. I go to the
11 gym 3 days a week & those are my most productive days. I would love to be able to go
12 for a run, a bike ride, or a walk every morning. I know you don't have weights so I
13 suggested chopping wood (I do it during work outs only no ax or wood lol) Getting your
14 resume done & on Monster.com wasn't a slam, it was a reference for job hunting.
15 Monster.com covers everywhere. Finding a job is not going to be easy no matter what
16 town you look in. It takes forever to get into DCS so the sooner you make an appt. the
17 sooner you can get a payment plan & a reduction for the time you were locked up. I
18 want to see you being productive. I have only offered suggestions that I thought would
19 help & encourage you. Stop being so defensive!
20 Melvina
21 Melvina Manning
22 you have to LOOK for a job before you can GET a job which is why I suggested getting
23 your resume online for employers to see.
24 You sent
25 I'm just REALLY frustrated right now. I've posted my resume several times already, then
26 the damn file corrupted, I haven't been able to see my PO yet to get my boundaries, just
27 got insured today, but without boundaries can't go look for a job or even go to an
28 interview if I get one. I've been highly productive every day mom.
29 Melvina
30 Melvina Manning
31 we are typing & sending over top of each other so it looks like we are not hearing what
32 the other is saying...
33
34 When setting goals, remember to set lots of small ones so the bigger ones are easier to
35 reach. There are a lot of steps to reach each goal you set.
36 You sent
37 I know mom, and that's exactly what I'm doing.
38 Melvina
39 Melvina Manning
40 start applying to jobs... you will be one step ahead when you see your PO cause that is
41 more than likely going to be a requirement. If you get an interview and it is outside your
42 boundaries, tell your PO. So what, if you can't go, turn down the interview telling them
43 you accepted another job. Posting resumes and applying for jobs is easy, getting an
44 interview takes time.
45 You sent
46 I already started applying, and have a list of open positions to apply to once i get
47 permission to drive to them. believe it or not, I'm doing everything I can.

1 Melvina
2 Melvina Manning
3 I didn't say you weren't. I was only trying to help. You can still apply and see if you get a
4 call for an interview.
5 You sent
6 I've been doing that. just really frustrated with shit right now.
7 Melvina
8 Melvina Manning
9 I think you expected more to be happening & happening quicker than they are. You set
10 your expectations too high. Maybe you need to lower them & not expect so much so
11 fast.
12 You sent
13 I expect to get fucked at every turn, so far things are better than I expected. Still
14 frustrated not having decent contact with either son nor mother, and being viewed as
15 some piece of shit.
16 November 17, 2010
17 11/17/10, 12:26 AM
18 Melvina
19 Melvina Manning
20 no one said you can't call me & again, small steps to the big goal. One step at a time
21 Zack. You just said you you don't even have permission to drive for a job interview so
22 you can't drive over here either. You can't make arrangements to see your son if you
23 don't have any boundaries from your PO. Just because you can't finalize a date & time
24 whether it is for an interview or a visit, doesn't mean you can't start inquiring. Those
25 are the small steps.

31 When you were in CO I knew the times were going to be somewhat inconsistent but

33 keep him on a schedule.

43 video (Intel Graphics Media Accelerator X4500) of the computer I'm getting, that'd be

45 have a PC not a game system. I think my onboard will play CoD modern warfare 2, but if

1 I'm sorry.
2 You sent
3 Sadly, I'm getting used to it. I was a fool to sign those papers and believe in the promises
4 made, to trust that the visitation plan was a reality, it that we could work things as a
5 family without dragging this through the courts. I've always trusted too easily, and paid
6 heavily for it. If it's going to be a "very long time" before I get reintroduced into my son's
7 life, I might as well put my money to use trying to shorten that time.
8 You sent
9 I love you mom. And I'm feeling both hurt and betrayed by all of this.
10 Melvina
11 Melvina Manning
12 Don't start threatening me. We are noting the adoption for trial. This isn't about YOU!!!!
13 This is about what is best for this boy. That will never change!
14 You sent
15 Mom, that was not a threat. I just want to be part of my son's life.
16 Melvina
17 Melvina Manning
18 You want to take me to court, go ahead. I told you you need to get stable and that
19 when Rebecca gives the go ahead then we will do just that.
20 You sent
21 You will NEVER convince me that being kept from my son is best for him. And those
22 papers we agreed on said nothing about Rebecca.
23 Melvina
24 Melvina Manning
25 OK You don't know anthill about what's best for Tim and you don't care. You only want
26 what you think is best for you. We have stood firm that we will do whatever his
27 therapist says. That is not going to change.
28 You sent
29 You don't know anything about me mom, obviously. I love my son, and want to be a part
30 of his life, like we agreed upon when I signed the papers, that's all. I want you to keep
31 your word that was given when you convinced me to sign, to keep to the agreement
32 that came with the papers.
33 You sent
34 I'm not trying to fight with you, I'm just tired of feeling screwed over and lied too.
35 Melvina
36 We never gave you a date or a time frame ever. The adoption was on hold thanks to
37 kelly. She is now getting married and we are noting this for trial at the tune of 10grand
38 if not more. We never lied to you. You are not the victim here.
39 Melvina
40 Melvina Manning
41 You are still in work release. Yes you have a great job making a ton of money. Get your
42 own place, be stable for a couple of years and everything will fall into place.
43 You sent
44 It won't be very many years before Tim is old enough to decide for himself.
45 Melvina
46 Melvina Manning

1 That's exactly right. Just be thankful we have never ever bad mouthed you and we
2 never will.
3 You sent
4 I truly hope that's the case mom. I love you, and have been working hard to repair our
5 relationship. I do NOT want to fight, that being said, I will do everything within the scope
6 of the law to be a part of my son's life.
7 You sent
8 I had phone calls when I was in jail up until the day your lawyer received my papers. I
9 want calls again mom.
10 Melvina
11 Melvina Manning
12 Everything stopped the last time you were here. You never had calls this last stint in
13 prison.
14 You sent
15 Mom, I had them in county jail, prior to signing the papers.
16 Melvina
17 Melvina Manning
18 No you didn't. We stopped all communications when you got in trouble again. We will
19 be seeing Rebecca in September and by then the adoption should be final and we will go
20 from there.
21 You sent
22 I understand you're trying to protect Tim. I respect that, but completely cutting me out
23 of his life is just wrong. For him and for me.

17 friends who are giving you advise don't know anything. They have not spent the last 7
18 years in my shoes or Tim shoes. They only hear what you say. 2 months out of prison
19 and a job is not enough to change the way things are with Tim. You are not stable in
20 your job, living arrangements or your relationship with Christina. We are not going
21 anywhere. We have dedicated the last 7 years to this boy. We go no where without
22 him. NO where. No date nights, no vacations, nothing. It has costs us thousands of
23 dollars to get him mentally and emotionally healthy. We get a whopping \$300 a month
24 from the state and every dime is spent on him. Clothes, shoes, school needs, medicine,
25 therapy. We have not received a dime from anyone in 7 years to help.
26 Melvina

28 You had all your support obligations written off.
29 You sent
30 Not all, I owe you over 8k still. I plan on helping all I can when I am out.
31 Melvina
32 You are doing great. Keep doing it. We will see what the future holds. Stability is
33 proven not talked about
34 Melvina
35 You are making more money than John and I put together
36 Melvina
37 We barely make it pay check to paycheck.
38 Melvina
39 Melvina Manning
40 But Tim goes without nothing. He is happy and healthy and that is all that matters to us.
41 You sent
42 And mom, I take my advice from my heart and the family, I don't really have much in the
43 way of friends these days. I wish I could send you money, but DOC policy says I can only
44 send money to my release address.
45 Melvina
46 Save your money. You never know when a job will end.
47 Melvina

1 Melvina Manning
2 Be happy for Tim.

18 Melvina
19 Melvina Manning
20 Tims life...stupid auto correct
21 You sent
22 Eventually, yes she would be. She has kids, and is an amazing mother to them. Josh has
23 spent time with her, and would probably agree this is the best choice I've ever made in a
24 girl.
25 Melvina
26 Melvina Manning
27 It's always awesome in the beginning. See where you are in a year. I'm glad you have a
28 great girlfriend and I hope you never disrespect her in anyway under any circumstances.
29 Stay clean and sober. Keep on doing what your doing, moving forward and making a
30 future. You have a lot of years of bad choices behind you and a tough road ahead. You
31 need to get your own place and live a legit life.
32 You sent
33 Working on it as hard as I can, doing everything in my power to make it so.
34 Melvina
35 Melvina Manning
36 It gets harder once you are really on your own. Time will tell. Actions speak louder than
37 words. You've been out before and went right back to your old ways. The only
38 difference this time is you have a real job. I'll keep saying the same thing to you.
39 Stability is all that matters. You have to have a job for a year before it's considered a
40 stable work history. Keeping an apartment or a house for a year is stability. Tim is only
41 8. There are plenty of years left in his life.

39 Melvina
40 Melvina Manning
41 Hey I had post prison education send an email. They are sending a list of places that you
42 can help me get in to that are pre approved addresses for when I get out. I need you to
43 have that done and paid for in communication with my counselor by January. Please
44 don't slack on this. If there is one thing that is crucial it is getting a place set up and
45 agreed upon and paid for so that I can give an address to DOC and get out.
46 Melvina
47 Melvina Manning

1 seems kind of odd to me he would already be looking at housing...don't you have to go

24 Your baby is barely moving and she needs to go have him checked out!!!!!! The stress of
25 you out fucking around, literally, is taking toll on her and the baby.
26 You sent
27 Out Fucking around? Get your Fucking facts straight, WE WERE NEVER TOGETHER! This
28 is due to HER choices, ones she was repeatedly warned about over 18mo. Ask her
29 before you talk to me.
30 Melvina
31 Melvina Manning
32 She carrying your child! I don't give a shit what your relationship is! She is YOUR
33 responsibility. What if he has the cord around his neck? What if she goes into labor?
34 She should go stay with her family until he's born so she has someone who can be there
35 with her and help her
36 Melvina
37 She took care of you for MONTHS while you were bed ridden. Now you're all better and
38 you leave her alone, stranded at an RV park. If you didn't want to commit to her, maybe
39 you should have not decided to have this baby
40 Melvina
41 She is not bitching or complaining she is just fucking scared something is wrong. He is
42 barely moving at all
43 Melvina
44 Melvina Manning
45 She has not said one bad thing about you. I want to kick your ass

2 fucking up mom, bad. You dare accuse me of not caring?? You, who has kept my son not
3 only from me, but the ENTIRE Bennett side for damn near his whole life? One more
4 comment like that mom, and I will stop responding to you period, I will not allow that
5 toxic stress to be thrown into my life.
6 Melvina
7 Melvina Manning
8 The ENTIRE Bennett family has made NO contact with me in over 8 years. You have
9 another baby on the way and you would rather be off with Jessica than home with the
10 mother of your child. If you were home, you wouldn't have needed to be towed. Go
11 ahead, block me. Do not respond and I will do the same!
12 Melvina
13 Melvina Manning

17 You sent
18 You really want to keep being this way? Do you have ANY clue how fucking good I've
19 treated her from day fucking one? I can't do the constant pointless lies, constant
20 pessimism, overboard co-dependency, her being my constant shadow, no life of her
21 own, doesn't work. Waits till I'm asleep and hops on me for a ride knowing I didn't want
22 to. Fuck, mom, I'm expected to continue on taking shit that makes me want to fucking
23 explode? I'm not allowed to have standards? Nor keep my word when I say from day
24 one I won't tolerate lying to me, ESPECIALLY over petty shit? You'd rather us together,
25 miserable and fighting? We make good friends, but she refused to step up and cut the
26 bullshit - even after a year and a half. Our son deserves happy parents working as a
27 team, and asher and I agreed, not fighting unhappy parents. You are being cruel, unjust,
28 uninformed, and coming at me with bias and disrespectful words. You will only create
29 more unnecessary stress and drama for all by continuing. I REFUSE to be in a
30 relationship spent unhappy, lied to, manipulated, etc. because of a child - I tried that
31 already, and haven't been allowed to speak to my son since I signed the papers I was
32 tricked into with bs false promises of a visiting plan that was PART of the paperwork! I
33 don't want Atom to be raised knowing the bs fighting I grew up with, fuck that; she fully
34 knows and admitted to the list of reasons we are friends forever but not dating. Get
35 your facts straight, and check your own past, before you fly out casting ignorant
36 disrespectful stones. I love you Mom, but I'm a grown ass man, one who has LEARNED
37 his lessons, and doesn't care for a repeat fuck up on child raising.
38 Melvina
39 Melvina Manning
40 No I don't want you to stay together. I've offered to drive her to Moses Lake.
41 My concern is this baby IS NOT moving barely at all and he's been this way all damn day.
42 Don't fucking lecture me about ANYTHING! I HAVE DONE NOTHING BUT HELP YOU FOR
43 THE PAST YEAR!
44 Melvina
45 Melvina Manning
46 I am NOT happy you are having a baby because you are not ready for that FULL TIME
47 commitment. But, it's too late for that and now you are in a relationship with her

1 because you have a child! So be a part time parents. That's the only choice you have.
2 You're not going to live together as a couple and you can't live together and see other
3 people... but right now the baby could be in danger. Or not? I don't know.
4
5 I've done all I can do. I could care less what you do. Get off your high horse. I didn't
6 call you a piece of shit, I didn't say anything derogatory or bring up your past. You're
7 mean. I'm done. If she wants a ride to Moses Lake, we can take her on Tuesday. You're
8 both better off that way. Her mom can take care of her for the next 2 months then you
9 guys can work out visitation. She's not my responsibility and neither is the baby.
10 Melvina
11 Melvina Manning
12 Blame me for your unhappy miserable life. I accepted MY part over 25 years ago. You
13 don't need to tell me what a piece of shit mother I was. I accept and admit. I don't cast
14 blame.
15 Melvina
16 Melvina Manning
17 Take care Zack. I love you but I will not tolerate your abuse and blame every time I say
18 something you don't like. I AM a good mom. YOU made your choices. YOU made the
19 choice to live with her for the past 18 months. YOU made the choice to have this baby
20 KNOWING full well it was going to be a fucked up situation. Don't blame me for your
21 choices. I'll let Kay know to call 911 if she needs anything. I didn't know caring about an
22 unborn child could cause such anger. I'm out.
23 You sent
24 Really mom? Seriously? All I Fucking asked was for you to drop this shit, why must you
25 continue? Everything I said was done so calmly, caps used for emphasis. I am not even
26 angry, I just want you to discontinue jumping up my ass. Is that too difficult? Must you be
27 angry? I can't stand anger anymore.
28 You sent
29 And mother, the only one talking anger is you, I can be upset these days with no need
30 for anger; anger is a secondary emotion, one that causes serious health problems. I
31 accept my issues, and our past ones with no resentment. Tim is not, nor ever will be, a
32 past subject to me. This is MY relationship, leave it to me as I do yours. I have been
33 there every time I was needed until now, and will be as soon as the truck is fixed. Cut
34 this crap mom, we have worked too hard to blow it over egos.

38 Melvina Manning
39 Ego? I'm concerned because the baby may be in danger and it's MY ego? Obviously
40 she's playing me and nothing is wrong OR you don't care. If the baby is in danger and
41 she is not playing and something goes horribly wrong...am I not supposed to be mad you
42 are not there? Ego? WTF? Stop messaging me! This is your baby, your problem. Fuck
43 me for caring!

6 OR would be a great place to live...no taxes, beautiful scenery and you can live
7 anywhere with an RV. I agree with the grandparents. Time for a fresh start. You have 6-
8 8 months to get settled, stable jobs, permanent living. Then Atom is going to be mobile
9 and you'll need a bigger place. Maybe they can help you relocate. The courts look for
10 stability which is how they got custody of Karen. This is the start of a new beginning.
